Homework

This week we have begun our new topic, looking at the United Kingdom. We started by thinking about ourselves and have created self-portraits and used atlases to locate countries around the world where we have family or friends living. To add to our display, we would like to find out more about each other, eg *what could your symbols be? What do you like to do? Do you go to clubs/classes - swimming, judo, ballet, Beavers, Cubs? Do you have a hobby?* Think about symbols that you could use to represent these things.

Details could include flags/traditional item(s) from country of origin, style of dress, appearance, favourite food, religion, etc.

Knights of old each had their own symbol that identified who was who, underneath the armour. For your homework, I would like you to design your own shield to let us know more about YOU!
