

JUST THE SAME

- 1 You may be happy you may be sad
You may be pretty or plain.
You may be skinny or getting fat
- Maybe you wish you could change.
- 2 You may be wealthy you may be poor
You may be scruffy or smart.
But love is real when you know for sure
It takes you just as you are.

CHORUS *If we're right or we're wrong
If we're weak or we're strong.
If we're winning or losing a game
Whether black or white skin
With a frown or a grin
Well the Lord loves us all just the same.*

- 3 They say to copy the TV stars
They say "Keep up with the trends".
To have the fashions and look the part
Just like the rest of your friends.
- 4 They say "Try harder", they say "Perform"
They say "Do things to impress".
But love is real when you know for sure
It won't depend on success

CHORUS (x 2)
